FREE RURAL DELIVERY ECZEMA

Several Routes to be Established in This County.

AGENT EXPECTED SOON

Man Now in Kansas Outlining Work.

Assistant Postmaster Jewett says he expects a representative here in a short time to take up the application for free mail service in the rural districts in this county. He has written to Congressman Long at Washington and the matter has been referred to the war department. It is expected that several routes will be established in this county, but as there are a number of applications it is hard to predict them, but one will probably be from Derby, Waco or Vailey Center. H. C. Rising, special agent of the post-

office department for the establishment of rural free delivery routes, is now in Kansas for the purpose of taking charge of the work. About 100 routes will be established in the state and an investigaion of the claims for routes is now beng made. The work has already comnenced in Sedgwick county,

Mr. Rising has divided the work into owns, counties and congressional dis-He will so conduct his distribution of the routes that each congressional disan equal number. He has had seventeen years' experience in the postal business and well understands all its branches. kansas is in what is known as the midthe division, and is under the direct charge of F. M. Dice of Indianapolis, Ind. Mr. Dive has given special attention to the work and understands its every detail. He is very much in favor of the rural delivery idea, and always encourages the establishment of as many routes as possible. He was in Kansas a year ago, and became acquainted with the needs of vice. It was under his direction that Mr. e will visit a sister. She will return Rising came to Kansas to engage in the The work of establishing new rural free
